

What in the world is a Backwoods Scavenger Hunt?

Grab your buddy and come see! Teams of two (can be any gender combo), work and stay together to complete challenges along a 5-7 mile course. After completing the challenges they receive a bead that they guard with their life. The team that crosses the finish line with all their beads wins!

I can't find my way out of a cereal box, am I going to get lost?

What kind of cereal are you eating? Cerealously, we make it simple. If you can hold a road map you can find your way at the Backwoods Hunt! You and your teammate will receive a map at the beginning of the race that will have 10 checkpoints circled on it as well as the trail system. The race will start and you may go to any checkpoint in any order you want. Teams that have donated to our chosen charity(s) will be permitted to skip any checkpoint on the map.

I'm lost already! Where the heck is Paleface Park?

The race takes place at beautiful Pale Face Park surrounded by 3 sides of Lake Travis. See [map link](#).

Do I have to stay on the trails?

Heck no! This is your race and other than playing nice, having fun and obeying a few rules we let you choose your course! Want to use the trail system to get to the check points? Go for it! Want to travel cross country? Go for it! We do recommend taking a compass for some of that off trail stuff unless you enjoy wandering around.
